What is a share in a CSA?

A share in our CSA consists of your support for our farming adventures, passions and successes. This a commitment to the farm for the whole growing season. You will receive a box of veggies every week that you pick up at the farm. Being part of a CSA is a way for you to be more in touch with your food, where it comes from and who grew it. By doing this you are directly supporting the growers and taking any middle person out of the equation. Being a part of a CSA is a great way for you to explore new and rare types of vegetables that you may never have even tried before. Many people say that being part of the CSA makes them eat more at home and more healthy. We think it is a win-win situation.

Cost

Monthly fee is \$75 a month, weekly pick up.

Our annual membership fee is \$100, due at the start of the season. The membership fee is a way to prevent us from going into debt over seeds, compost, irrigation supplies and so on.

Agreement

The GRUB CSA is an attempt to connect ourselves to our food and our natural environment. As members we hope you will invest in this vision. On our part we will offer you an affordable, chemical free bounty from the farm. Please remember that sometimes crops do fail but we will ensure that you will still receive a your share of yummy veggies. On your part we hope that you enjoy the veggies and try to pick them up every week.
